

You're invited to help design a **See Myself in Books** bookmark!

We think it's important for everyone to be able to read stories with people or characters in them that are just like them.

Our See Myself in Books campaign promotes fantastic books that celebrate different cultures, backgrounds and experiences. By reading these stories, children everywhere can learn about the world and see how unique and special everyone is.

Can you draw a picture that celebrates ethnically diverse or neurodiverse characters in books?

- Ethnicity means belonging to a group of people who share the same culture, language or traditions.
- Neurodiversity means that people's brains work in different ways. Some people may learn, think, or experience the world differently.

We're looking for three unique pictures that will be made into official Manchester Libraries bookmarks. This is your chance to have your artwork shared with children across Manchester.

Prizes

- Your design made into a library bookmark
- Your design printed and framed
- A See Myself in Books goody bag.
